

Campus Equipment Borrowing and Facility Reservation System

USER STORY

Presented by: TechNova

Equipment Borrowing

For Students/Organization

**As a
student,
I want to see
available equipment
so I can
choose what to borrow**

Equipment Borrowing

For Students/Organization

**As a
student,
I want to
request equipment online
so I don't
need paper forms**

Equipment Borrowing

For Students/Organization

**As a
student,
I want to
get notifications about my
request status
so I know
if it's approved**

Equipment Borrowing

For Students/Organization

**As a
student,
I want reminders
before return dates
so I don't
forget to return items**

Facility Reservation

For Students/Organization

As a
student,
I want to
see room availability
so I can
book spaces for events

Facility Reservation

For Students/Organization

**As a
student,
I want to
reserve rooms online
so I can
secure venues easily**

Facility Reservation

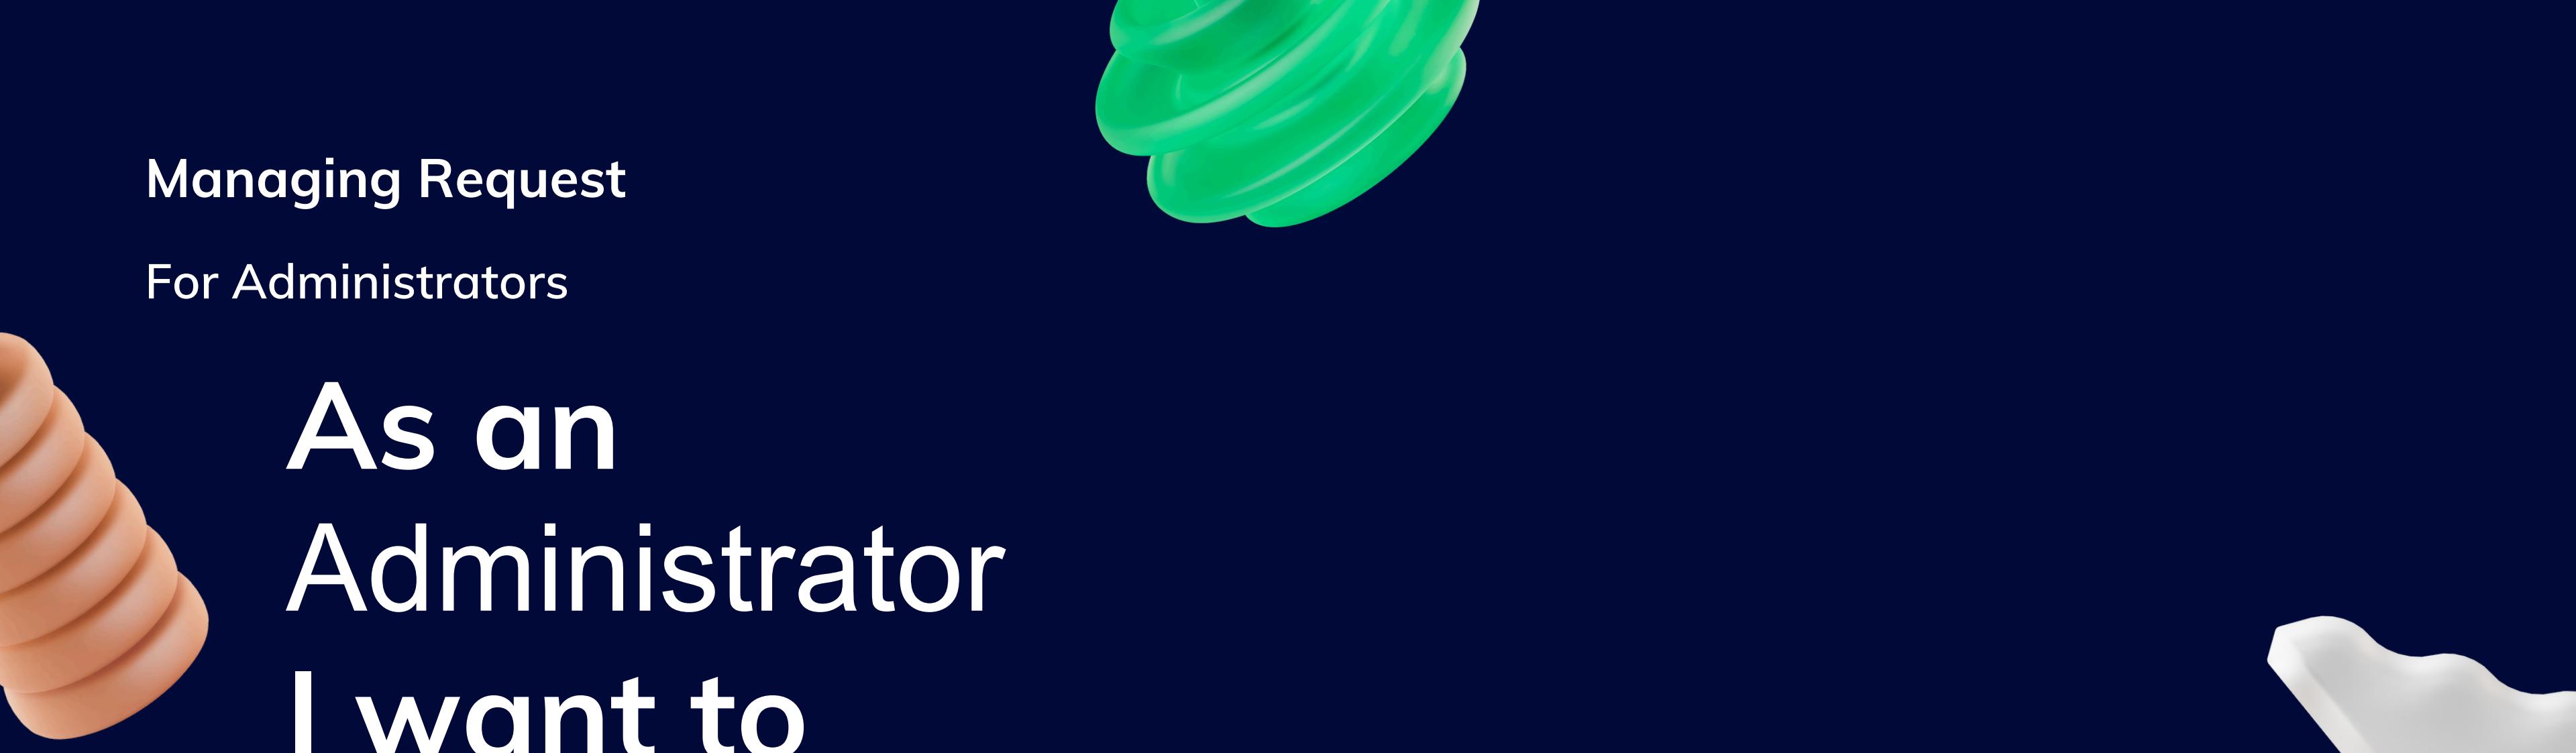

For Students/Organization

As a
student,
I want
booking confirmations
so I know
my reservation is set

Facility Reservation

For Students/Organization

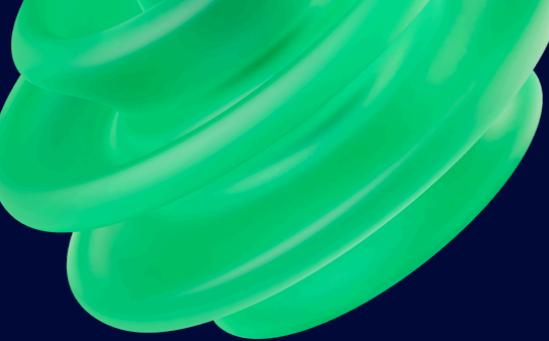

As a
student,
I want to
cancel reservations
when plans change

Managing Request

For Administrators

**As an
Administrator
I want to
See all pending requests
So I can
Approve or decline them**

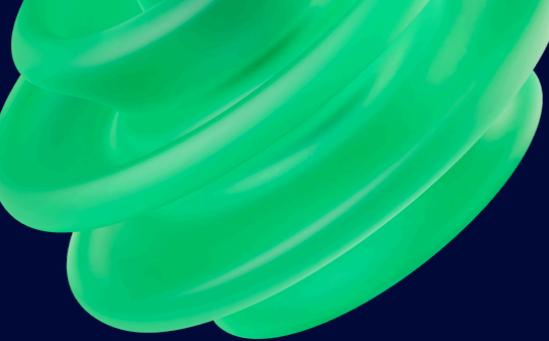

Managing Request

For Administrators

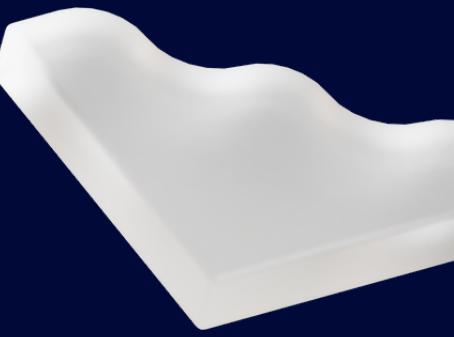

**As an
Administrator
I want to
Add comments when approving/declining
So I can
Help users understand why**

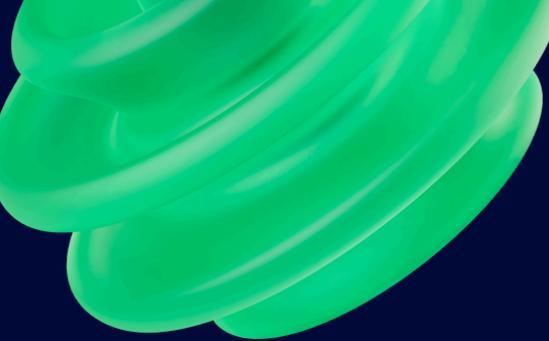

Managing Resources

For Administrators

**As an
Administrator
I want to
Add or remove equipment and rooms
So I can
Keep the system updated**

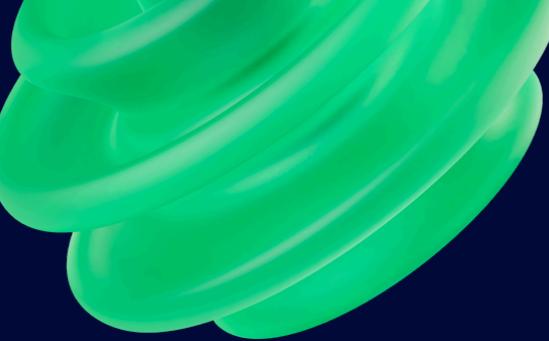

Managing Resources

For Administrators

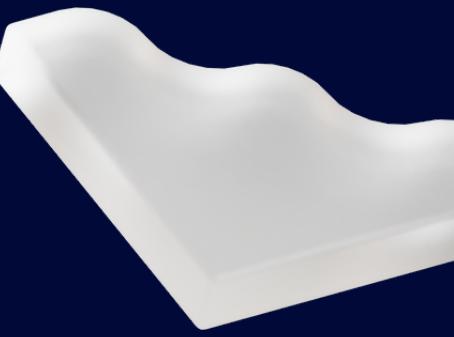

As an
Administrator
I want to
Mark items as unavailable
So I can
Reflect maintenance needs

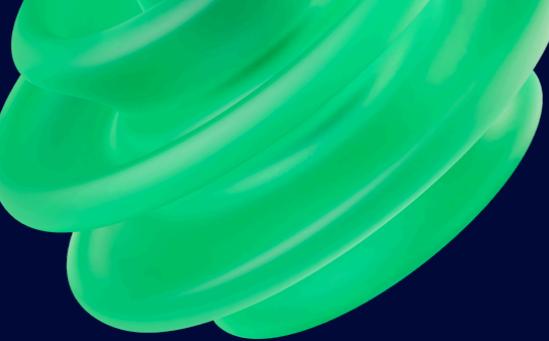

Managing Resources

For Administrators

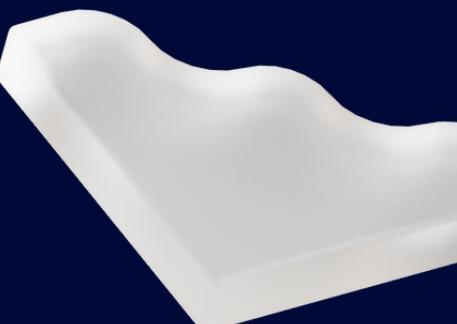

**As an
Administrator
I want to
Set room details (capacity, amenities)
So I can
Provide users with accurate information**

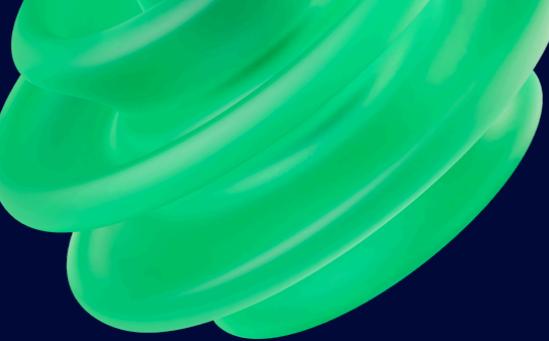

Monitoring

For Administrators

**As an
Administrator
I want to
See usage reports
So I can
Understand how resources are being used**

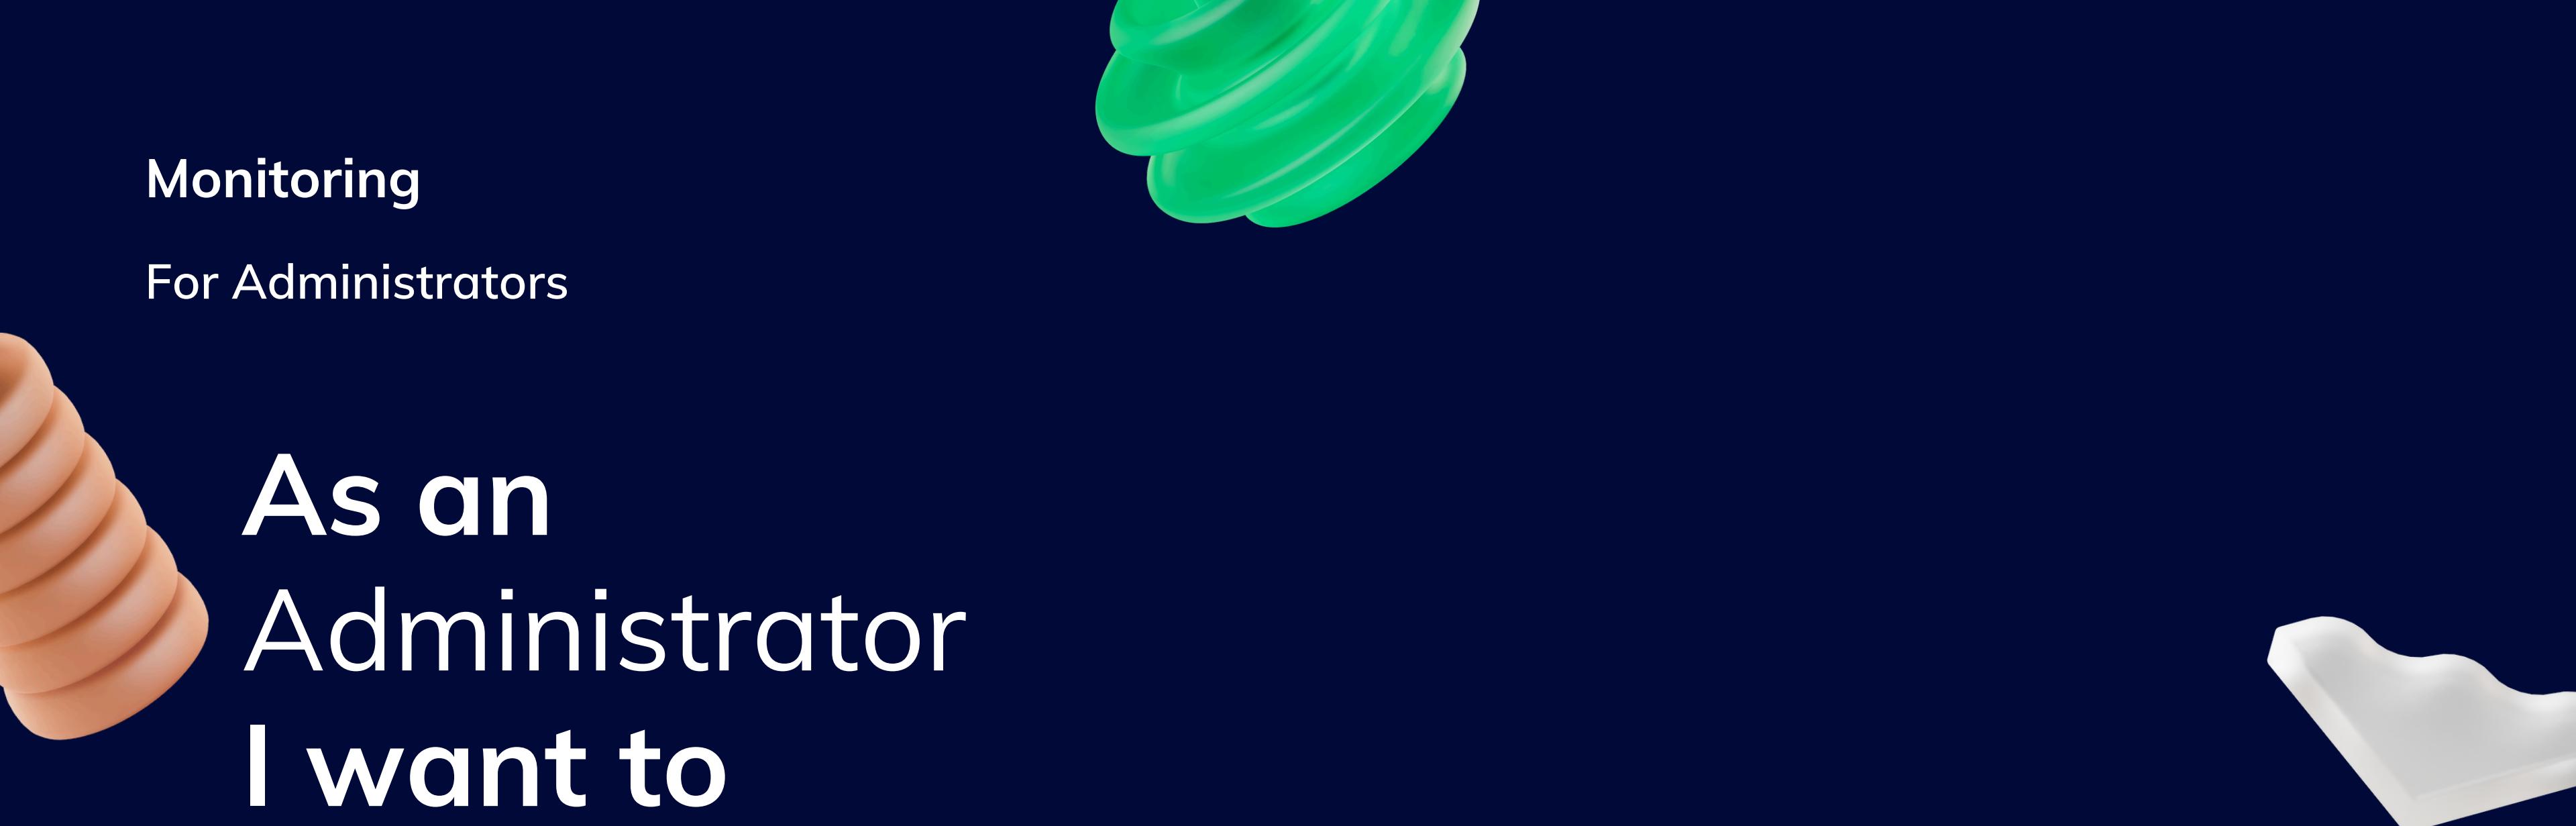

Monitoring

For Administrators

**As an
Administrator
I want to
Track overdue equipment
So I can
Follow up with users**

Monitoring

For Administrators

As an
Administrator
I want to
See scheduling conflicts
So I can
Fix double-bookings
